Miss Sylvia Thomas – Principal of Banbury Aspirations Campus

23 March 2020

Dear Year 11 students and parents/carers

We have not received any more detail about the GCSE results than that I posted the other day. I promise to provide more information as soon as we receive it from the exam boards. We have been doing a lot of thinking about how to support Y11 students over the coming weeks.

For those who are looking to join the sixth form: we have found some transition materials which we are trying to find the best way to share with you all because of the terms and conditions which accompany them. This will support you in keeping your minds active between now and when you recommence your studies. Mrs Berry will be writing to all those who have applied for the Banbury Campus sixth form in the next couple of days. If you have applied in the last couple of days please be reassured that Mrs White is working from home to process these.

For those who were unlikely to get their grade 4s in English and/or maths we are going to begin to put a programme together for you in order for you to continue working on these subjects so that you can hit the ground running again when your education begins again. We will let you know how to access the materials once we have come up with a concrete plan.

For those looking for an apprenticeship use this time to search out possible roles. If you do a Google search for "Apprenticeships in Oxfordshire" or use this link <https://www.oxfordshireapprenticeships.co.uk/> there are lots of possible suggestions for you.

If any of you need any help with producing a CV just email it to one of the leadership team and we will happily check it for you.

We will maintain close contact with you at least twice a week whilst we wait for more direction from the Government.

Regards

Sylvia Thomas
